

M-CR603

Networking AM/FM/CD Receiver

The Marantz M-CR603 Network CD/Receiver is the go-to solution for music lovers who value the past while celebrating the present. It combines moderate size and striking cosmetics with the ability to play music from a wide range of sources into a single, easy-to-use audio component.

Stream your favorite music wirelessly to the M-CR603 from any DLNA 1.5 compliant Smart-phone or Netbook; choose from thousands of internet radio stations; or experience a universe of new entertainment with the Rhapsody, Pandora and Napster music services. The M-CR603 takes command of your entire digital music library, organizing content from connected computers, USB drives and iPods. Operating the M-CR603 couldn't be easier. Choose between the included IR remote control and front panel display, a Laptop or Netbook computer, or your iPhone, iPod-Touch or iPad; you'll enjoy a simple, menu-driven experience that lets you get right to the music.

Wireless audio is yours to enjoy with the optional RX101 Bluetooth module that plugs into the M-CR603's rear panel M-XPport connector. Now you can enjoy traditional Marantz sound quality from your favorite Bluetooth-capable sources.

Four ultra-efficient amplifiers provide big power for up to four loudspeakers and produce vanishingly little heat, providing a stable, cool environment for exceptional long-term reliability and a lifetime of great sound.

The M-CR603 delivers superb design and performance while embracing the newest musical sources available today, plus it's a Marantz, your assurance of a best-in-class listening experience.
